DESIGNER LINE

*Wall & Corner Cabinet Mantels for Gas & Electric Fireplaces*

# DESIGNER LINE

## Selecting a Cabinet Mantel

**Gas or Electric:** *Our mantels have been designed with maximum versatility, to fit electric fireplaces, vent-free gas fireplaces and direct vent fireplaces.*

**Sizes:** *Compact (26"), Large (32") and Extra Large (36") available. Fireplaces often correspond to the width of the viewing area. For instance, a 32" gas fireplace, in most cases, measures 32" across the opening.*

**Wall or Corner:** *Cabinet mantels are available in regular wall models or corner models for installations where space is premium.*

**Choice of Finishes:** *HearthSide Designs' Designer Line provides you with a variety of styles and finishes, to please the most demanding and diversified preferences. This beautiful selection of cabinet mantels is more than a line of fireplace accessories - it's a line of furniture.*

**Ready to Go:** *All cabinet mantels include a matching base and a handsome black decorative trim that covers the opening between the fireplace and the cabinet mantel.*

**Cottage**

 32" Wall (W32DS)  
 36" Wall (W36DS)  
 Red Oak

Red Oak

**Cottage:** *Country-inspired design featuring gentle arches and framed beadboard. Its two-tone design is a style seen in many current furniture designs.*

**The Keystone:** *Traditional and elegant, the Keystone features arched moldings and a decorative keystone header accent.*

**Georgian:** *Inspired by classic Greek architecture with rounded columns flanking the fireplace.*

**The Classic:** *Attention to detail is the hallmark of this design, with extra molding protruding from the fireplace.*

**Mission:** *Based on the popular architectural style.*

**Neo-Classical:** *Based on traditional architectural styles, this model features a frieze, or horizontal header above the fireplace.*

**Georgian**
