

TRADITIONAL LINE

Wall & Corner Cabinet Mantels for Gas & Electric Fireplaces

TRADITIONAL LINE

Selecting a Cabinet Mantel

Gas or Electric: *Our mantels have been designed with maximum versatility, to fit electric fireplaces, vent-free gas fireplaces and direct vent fireplaces.*

Sizes: *Mini (21"), Compact (26"), Large (32") and Extra Large (36") available. Fireplaces often correspond to the width of the viewing area. For instance, a 32" gas fireplace, in most cases, measures 32" across the opening.*

Wall or Corner: *Cabinet mantels are available in regular wall models or corner models for installations where space is premium.*

Choice of Finishes: *Select light oak, unfinished or white, according to your preference.*

Ready to Go: *All cabinet mantels include a matching base and a handsome black decorative trim that covers the opening between the fireplace and the cabinet mantel.*
