

Versa 100 Series

100 Series

The Versa 100 just got a whole lot better! New additions for 2008 are an enlarged roasting hood, an optional Rotisserie Kit, and an optional valve system that allows for Natural Gas Conversion, direct hook-up to a large LP cylinder and a direct hook-up to a RV regulated pressure system. This VERY VERSATILE grill will work for many applications! Use it as a Portable Grill for camping OR mount it on a boat rail OR install it on the Stainless Steel Pedestal with Collapsible Side Shelf OR easily install the long leg attachments with wire condiment basket and collapsible side shelf! Take this grill with you whenever you want or use it at home as your primary grill! Never before has one product fit SO MANY applications!

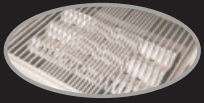

- NEW large double walled roasting hood
- Versatile tabletop grill
- 100 percent stainless steel construction
- Electronic ignition
- 300 square inches of cooking space
- Full integrated grease management system
- Lifetime warranty
- Heavy-Duty commercial construction prevents rusting and corroding.
