

Versar 75 Series

75 Series

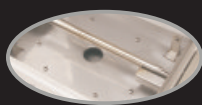

The Versa 75 is the smaller companion of the Versa 100. It is packed with many of the high quality features that you will also find in our full size grills. The Versa 75 is perfect for limited space applications. Powered by a commercial grade 12,000 BTU burner, the Versa 75 is capable of searing anything! Grilling on the boat or RV has never been so convenient! The Versa 75 can be used with a Rail Mount System or the Swing Arm System.

- NEW folding leg system ("fold and go")
- Versatile tabletop grill
- 100 percent stainless steel construction
- Electronic ignition
- 200 square inches of cooking space
